Description of the accident (claimant's words)

I was turning left at an intersection in Houston, Texas, when another vehilce struck the side of my car. I had the green light and was moving slowly throguh the turn when the impact came. My head hit the window frame, and I was dazed and had a headache and ringing in my ears afterward. A medical professional later diagnosed me with a concussion. I have given the same account of what happened every time I have described it, to the officer at the scene, to the adjuster, and to my doctor. I am the named driver on this policy and I was operating my own vehicle at the time. I am requesting coverage for my medical care, time away from work, and the repair of my car.
