Claim Notes

Claim number:	C-1080
Claimant:	Laura Hansen
Adjuster:	Valerie Rodriguez

02/02/2025
Claimant reported a sideswipe while changing lanes and said the other vehicle drifted into their lane at low speed. They described a back strain and said they were seen at a clinic the same day.

02/04/2025
Photos submitted by the claimant show damage to the driver-side rear quarter panel, and the damage pattern appaers consistent with the impact described. No independent witnesses have come forward so far.

02/24/2025
Reviewed the policy record and confirmed the driver is named on it. Nothing in the file suggests the damage predates the start of coverage, and no earlier damage to the vehicle is known.

03/31/2025
Claimant gave the same account of the collision in each conversation. Based on the description of the impact, the reported back strain is plausible, though it is not fully clear from the claimant's statements where in the vehicle they were sitting at the time.

06/25/2025
Treamtent records show a usual course of care, with visits tapering as the claimant's symptoms improved. No prior injury to the same body area is known from the claimant's history or available records.

09/18/2025
File is ready for supervisor review. Photos confirm some details of the loss, the vehicle damage matches the described impact, and the claimant remains unrepresented by counsel.

Recorded Statement

Claim number:	C-1080
Statement of:	Laura Hansen
Taken by:	Valerie Rodriguez
Date:	02/06/2025

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the siedswipe collision you were involved in while changing lanes in Katy, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full name and the best nubmer to reach you.

A: I'd rather keep the personal details to the claim file, but you can reach me through the number already on record.

Q: That's fine. Can you walk me through what happened right before the impact?

A: I was in the right lane on a fairly busy stretch, and I signaled and started moving left to get over. I checked my mirror and it looked clear, but a vehicle in the left lane came up beside me faster than I expected and their side clipped my rear quarter panel.

Q: Did you see the other vehicle before you began the lane change?

A: Not clearly. It was in my blind spot, I think. I glanced over my shoulder and didn't see anything, so I went ahead.

Q: Did either driver stop after the contact?

A: Both of us pulled onto the shoulder. The other driver got out, we exchanged insurance information, and we took a few photos of the damage.

Q: Have you noticed any injuries since the collision?

A: Yes. My lower back has been sore and tight, mostly when I sit for a long time or get up from the car. I went to urgent care the next afternoon and they diagnosed a back strain and gave me some muscle relaxers and a referral to a physical therapist.

Q: Are you currently receiving any treatment for that?

A: I started physical therapy twice a week, and I'm still managing the pain day to day.

Q: Is there anything else you'd like to add to your statement?

A: Only that I want the claim handled fairly, and I'm willing to provide the urgent care records and photos.

Q: Thank you. I'll follow up with a request for those documents.
