Bodily Injury Unit

Claim Notes

Claim number:	C-1081
Claimant:	Benjamin Nash
Adjuster:	Jerry Hanson

03/12/2025
First notice of loss received from the insured driver reporting a low-speed head-on collision with another vehicle earlier today. The claimant is now represented by counsel, and all further contact will go through the attorney's office.

04/03/2025
Confirmed the driver is named on the policy and that the policy was in force at the time of loss. Nothing in the file suggests the vehicle damage predates the coverage start date.

04/21/2025
Reviewed the police report, which places the claimant inside the vehicle at the scene and matches the reported sequence of events. Responding officers and a witness statement are consistent with this.

06/04/2025
Photos taken at the scene confirm several details of the collision. No independent witnesses have come forward beyond those already noted, so the photos and the report are the main sources for the event.

08/12/2025
Vehicle damage was inspected and matches the described impact direction and speed. The file shows no earlier damage to this vehicle in prior claims or inspection records.

08/20/2025
Claimant's reported neck strain is plausible for a collision of this type. Medical records show a small strain to the same area several years ago that fully healed, which is noted for context.

08/28/2025
Claimant's account has remained the same in every conversation with the adjuster and counsel, including the initial statement and the follow-up call.

09/11/2025
Treatment followed a usual course for this type of injruy and tapered off as the claimant improved. Records show steady progress with no unexplained gaps in care.

10/23/2025
Reviewed the file with the supervisor. The injury, treatment, and vehicle damage are consistent with the reported loss, and the claim will proceed to evaluation with counsel's demand package.

Recorded Statement

Claim number:	C-1081
Statement of:	Benjamin Nash
Taken by:	Jerry Hanson
Date:	03/08/2025

Q: Thanks for taking the time to speak with me today. This recording is for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe in your own words what happened on the day of the collision.

A: I was driving on a two-lane road in Houston, heading toward the highway. The other car came over into my lane while it was trying to pass a slow vehicle. I braked and turned a little, but we sitll met nearly head-on. It was a light impact, though. Both cars were moving slowly.

Q: What was your speed at the time of impact, as best you recall?

A: I'd say maybe fifteen or twenty miles an hour. I was already slowing for traffic ahead.

Q: Were you wearing a seatbelt?

A: Yes, I was.

Q: Did the airbags deploy?

A: No. The car jolted forward and back, and I heard a loud bang, but nothing deployed.

Q: Did you get out of the vehicle and speak with anyone at the scene?

A: I got out and spoke with the other driver and a police officer. The officer took down information and gave me a report number.

Q: When did you first notice you were hurt?

A: Rihgt away I felt stiffness in my neck, but I thought it would pass. By the next morning it was a lot worse, with pain running into my shoulders and headaches.

Q: Have you sought medical treamtent since the collision?

A: Yes, I saw my family doctor and I've been doing physical therapy twice a week. The doctor diagnosed a neck strain and prescribed muscle relaxers.

Q: Did you have any neck problems before this collision?

A: No, nothing that required treatment. I'd had some occasional stiffness from sitting at a desk, but notihng like this.

Q: Is there anything else you'd like to add?

A: Only that I want to get back to normal as soon as possible. Thank you for listening.

Q: Thank you. This concludes the recorded statement.
