Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Baytown, Texas, moving slowly, when the other vehicle came around the end of the row and struck the rear passenger side of my car. I stopped right away, checked on the other driver, and waited for the police officer who arrived to take the report. I have been the named insured on this policy for several years, and I have kept the same description of what happened each time I have spoken with the adjuster, the repair shop, and my doctor. Since the collision I have had neck pain and stiffness that I believe is whiplash, and I have started physical therapy. My car has been taken to a repair shop for an estimate, and I have kept copies of all receipts and correspondence related to the accident.
