Claim Notes

Claim number:	C-1084
Claimant:	Olivia Taylor
Adjuster:	Alison Sweeney

08/09/2024
Claim reported by the claimant after a hit while turning left at an intersection. The claimant states the other vehicle struck the side of their car as they turned across oncoming traffic. Claimant is not represented by an attorney.

09/15/2024
Reviewed the policy and confirmed the driver of the insured vehicle is named on it. Coverage was in force at the time of loss, and nothing in the file suggests the damage predates the policy start.

11/18/2024
Police report and statements from the scene confirm the claimant was in the vehicle at the time of the collision. Photos taken at the scene confirm several details of the account, though no independent witnesses have come forward.

01/24/2025
Inspected the vehicle. Damage to the driver side matches the impact described by the claimant. A few older scratches are present in the same area and may predate this crash, so they have been noted separately for the estimate.

02/11/2025
Claimant reported a wrist fracture. The injury is consistent with the type of impact described and is plausible for a crash of this kind. No prior injury to the same body area is on record.

03/21/2025
Medical records show treatment followed a usual course and tapered off as the claimant improved. The claimant later added a few small details to the account, but the core description of the collision has remained the same across each statement.

03/23/2025
Based on the policy confirmation, scene photos, police information, vehicle inspection, and medical records, the claim is proceeding under standard review. Next step is to finalize the repair estimate and the injury evaluation.

Recorded Statement

Claim number:	C-1084
Statement of:	Olivia Taylor
Taken by:	Alison Sweeney
Date:	08/04/2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just give the facts of what happened, if that's okay.

Q: That's fine, but I still need your name for the file. Once you've given it, please describe where you were when the collision occurred.

A: Okay. I'm the driver of the vehicle involved. I was in Katy, Texas, on a fairly busy road, heading toward a shopping center.

Q: What were you doing at the moment of impact?

A: I was turning left into the entrance of the center. There was a gap in oncoming traffic, so I started the turn.

Q: Did you have a green light or a signal to turn?

A: I had a green arrow for the left turn, I'm fairly sure of that. The oncoming lanes had a red light, so I proceeded.

Q: What happened next?

A: A vehicle coming from the opposite direction hit the front driver's side of my car. It came into the intersection faster than I expected. I braked as hard as I could, but it was too late.

Q: Did you see that vehicle before you began the turn?

A: I saw headlights earlier, but they were far enough back that I judged I had time.

Q: Were you injured?

A: Yes. My left wrist hit the steering wheel and the airbag deployed. I was taken by ambulance to the hospital, and they told me the wrist is fractured. I've been weraing a splint since then.

Q: Thank you. Is there anything you would like to add to your statement?

A: Only that I want my car and my medical bills taken care of as soon as possible. That's all I have for now.
