Injuries reported:	wrist fracture
Investigating officer:	Officer Christian Conrad, Badge 1039

Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Carrie Hatfield
Vehicle 2	Driver	Tracey Scott

Officer's narrative

Driver 1 was traveling in the left-hand lane on a Pasadena, Texas roadway and began a left turn when the front of the vehicle collided with the side of Driver 2's vehicle, which was proceeding straight through the intersection. Driver 1 was identified as the registered operator and is named on the applicable policy. Driver 1 reported a wrist fracture and stated that a passenger was seated in the front passenger position at the time of impact. Responding officers and statements from both drivers confirm that a passenger was present in the vehicle. No independent witnesses were located at the scene, so the account relies on the statements of those involved and on photographs taken at the location. The photographs confirm the general position of both vehicles and the area of damage, which is largely consistent with the reported angle of impact. No prior damage to Driver 1's vehicle was observed or reported by either party. At this time it is not yet clear whether the wrist injury resulted from this collision, and medical records have been requested to clarify the matter.
