Claim Notes

Claim number:	C-1090
Claimant:	Nicole Wood
Adjuster:	Chelsea Hebert

2024-05-20
First notice of loss received from the insured's representative regarding a side impact collision at a controlled intersection involving the insured vehicle and a second vehicle. The claimant reports a knee injury and has retained counsel.

2024-07-14
Reviewed the policy record and confirmed the driver involved is listed as a named driver and coverage was in force at the time of loss.

2024-07-28
Spoke with the claimant's attorney, who confirmed representation and asked that all future contact go through their office. The account of the collision was provided in writing and matches the initial report.

2024-08-27
Obtained the police report, which places the claimant in the vehicle at the time of impact and records the collision as described. The responding officer noted the points of impact on both vehicles.

2024-08-29
Interviewed two independent witnesses at the scene, who each confirmed the collision happened as the claimant described and that the claimant was seated in the driver's vehicle.

2024-09-08
Reviewed scene and vehicle photographs. The damage pattern on the claimant's vehicle lines up with the side impact described, and the damage on the other vehicle is consistent with the same event.

2024-09-14
Took a recorded statement from the other driver, who independently confirmed the sequence of events and the signal status at the intersection.

2024-09-26
Checked prior claim and damage history for the vehicle and found no earlier damage recorded to the same areas. Nothing in the file suggests the damage predates the policy start.

2024-10-20
Received medical reocrds showing treatment for a knee injury. The injury is the kind expected from this type of force, and no prior injury to the same knee appears in the records reviewed.

2024-11-03
Treatment followed a typical course, with therapy and follow-up visits tapering as the claimant's condition improved and the treating provider noted steady progress.

2024-11-04
Reviewed the claimant's statements from each contact so far. The account of the collision and the injury has stayed the same across every conversation and in the written submission.

2024-12-14
Current assessment: liability and coverage are consistent with the documentation, the injury and vehicle damage fit the described impact, and the file is being prepared for continued handling through counsel.

Recorded Statement

Claim number:	C-1090
Statement of:	Nicole Wood
Taken by:	Chelsea Hebert
Date:	2024-05-22

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in League City, Texas. Plaese state your full name for the record.

A: I'd rather just go by my first name and last initial for this, if that's okay.

Q: That's fine. Can you describe where you were coming from and where you were headed when the collision occurred?

A: I was driving through the intersection heading east on a green light. I'd just left work and was going to pick up my kid from practice.

Q: Did you see the other vehicle before the impact?

A: Not really. I caught a glimpse of it coming from my right, maybe a second before it hit my driver's side. I tried to brake but there wasn't time.

Q: How fast do you estimate you were traveling?

A: Around thirty-five, maybe a bit under. It's a busy stretch but I wasn't speeding.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Where did you feel pain after the collision?

A: My left knee took the brunt of it. It hit the dashboard and the door frame. It sweleld up pretty quickly and I could barely put weight on it at first.

Q: Did you receive medical attention?

A: Paramedics checked me at the scene, and I went to urgent care later that same day. They took X-rays and told me to follow up with an orthopedic doctor, which I've scheduled.

Q: Have you had any prior injuries to that knee?

A: No, nothing serious. I played sports in school, but I haven't had any treatment on it in years.

Q: Is there anything else you'd like to add?

A: Just that I'm still having trouble with stairs and driving for long stretches. I'd like to be made whole for what this has cost me.

Q: Thank you. This concludes the recorded statement.
