Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from the cross street entered my lane and struck the driver's side of my car. The impact pushed my vehicle sideways and I felt a sharp pain in my right knee when it hit the door frame. I stayed at the scene until the police arrived and gave the same description of what happened to the officer, the other driver, and the adjuster I spoke with afterward. I am the policyholder named on this policy, and I have kept copies of the photos I took at the intersection. My knee has been swollen and painful since the collision, and my doctor has recommended further imaging and physical therapy.
