Claim Notes

Claim number:	C-1091
Claimant:	Brett Torres
Adjuster:	Jerry Hanson

June 9, 2025
The claimant reported a rear-end collision in a parking lot and said they hit their head on the steering wheel, with symptoms of a concussion. The reported injury is consistent with the impact described.

June 11, 2025
Claimant contacted the office and has no legal representation. They gave the same account of the collision as on the first report and said they were seated in the vehicle at the time.

August 1, 2025
Police and two witnesses at the scene confirmed the claimant was in the vehicle when the collision occurred. The damage to the claimant's vehicle matches the impact described, and no earlier damage to it is known.

August 12, 2025
Reviewed the policy and confirmed the coverage was in force on the day of loss. Nothing in the file suggests the damage predates the coverage start.

September 10, 2025
The driver of the claimant's vehicle lives in the policyholder's household and is covered as a household member. No earlier injury to the same area of the head or neck appears in the medical history.

September 15, 2025
The front vehicle's driver braked sharply with no apparent reason, and the statements show the two drivers knew each other. These details point toward a set-up collision, and the file is being referred for further review.

November 15, 2025
Treatment has grown well beyond what is typical for this injury, with more visits and new services added each month. The medical bills and therapy notes are being reviewed against the expected course of recovery.

December 11, 2025
Claimant continues to report the same account and symptoms in each conversation. The file remains open pending the review of the treatment records and the outcome of the referral.

Recorded Statement

Claim number:	C-1091
Statement of:	Brett Torres
Taken by:	Jerry Hanson
Date:	May 22, 2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording if that's okay. You have my policy and claim information.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was in the parking lot of a grocery store here in Houston, driving slowly toward an open space near the front entrance.

Q: What were the weather and lighting conditions?

A: It was dry and still daylight, maybe late afternoon. The lot was fairly busy.

Q: Tell me what you saw right before the impact.

A: A silver sedan was backing out of a space on my right. I braked, but he kept coming and his rear bumper hit my front driver's side corner.

Q: Did you have any contact with the other vehicle before the impact?

A: No, I didn't touch anything else. I'd come to a near stop when it happened.

Q: How fast would you estimate you were going?

A: Maybe five or ten miles an hour. I wasn't rushing.

Q: Did you hit your head or lose consciousness?

A: My head hit the side window hard. I didn't black out completely, but I was dazed for a few minutes.

Q: How are you feeling now?

A: I've had headaches, sensitivity to light, and I get tired by the afternoon. My doctor has told me I have a concussion and I've been limiting screen time and resting.

Q: Have you received any treatment since the collision?

A: Yes, I was seen at an urgent care clinic that day and I have a follow-up with a neurologist scheduled.

Q: Is there anything else you want to add?

A: Only that I'm cooperating fully and I'd like updates on the repair estimate for my vehicle.

Q: Thank you. This concludes the statement.
