Description of the accident (claimant's words)

I was stopped at a red light on a main road in Pearland, Texas, when the car behind me struck the rear of my vehicle. The impact was hard enough to throw my head back and then forward, and I felt a sharp pain in my neck and upper back almost immediately. I stayed at the scene until the other driver and the responding officer had finished speaking with me. Since then I have described the collision the same way every time I have spoken about it, whether to the officer, to the medical staff, or to the insurance representatives who have called me. I am the policyholder listed on this policy, and I am submitting this claim for my vehicle damage and the medical treatment I have needed for whiplash, which has included physical therapy and time away from my usual work.
