Claim Notes

Claim number:	C-1094
Claimant:	Eric Morris
Adjuster:	Jerry Hanson

2024-08-27
Claim reported by the policyholder after a collision at an intersection while turning left across oncoming traffic. Claimant was the driver of the other vehicle and reports a wrist fracture from the impact.

2024-10-18
Reviewed the policy record and confirmed the policyholder's coverage was in force at the time of loss. Nothing in the file suggests the vehicle damage predates the coverage start.

2024-11-01
Spoke with the other driver, who described the turn and the impact in the same way as the policyholder. Photos of the vehicles show damage consistent with the described impact.

2024-11-09
Contacted the police and two independent witnesses. Both witnesses confirm the accident happened as described, and the responding officer confirmed the claimant was in the vehicle at the scene.

2024-12-02
Claimant was contacted by phone and repeated the same account of the collision that was given at first report. The account has not changed across any conversation so far.

2024-12-09
Requested the medical records for the wrist injury. Treatment followed a usual course and tapered off as the patient improved, with no complications noted in the records received.

2024-12-10
No prior injury to the wrist or surrounding area is known from the records or from the claimant's statements. Whether this crash cuased the fracture is still not clear and remains under review.

2025-01-07
Checked the vehicle's prior claim history. No earlier damage to the vehicle is known, and the repair estimate lines up with the new impact only.

2025-02-26
Confirmed that the driver involved lives with the policyholder and is covered as a household member under the policy terms.

2025-03-21
Sent a status request to the medical provider for the final treatment summary. Awaiting response before deciding on the injury portion of the claim.

2025-03-24
File remains open pending the medical causation review and the final repair invoice. Next contact with the claimant is scheduled for the coming week.

Recorded Statement

Claim number:	C-1094
Statement of:	Eric Morris
Taken by:	Jerry Hanson
Date:	2024-08-10

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident details, if that's fine.

Q: That's fine. Can you tell me where the accident happened?

A: It was at an intersection in Pearland, Texas. I was turning left across traffic.

Q: What were you driving at the time?

A: My sedan. I was going to make a left onto the cross street when another vehicle came through from the opposite direction.

Q: Did you see the other vehicle before the impact?

A: Not clearly. I looked, saw a gap, and started my turn. Then I saw headlights getting close, and I tried to stop, but it was too late.

Q: What was the weather and road condition like?

A: It was clear and dry. Daytime, I think mid-afternoon.

Q: Was there a traffic signal at the intersection?

A: Yes, I had a green arrow for the left turn, I believe. Or maybe the light had just turned green for me. I'm not completely sure about that.

Q: Where did the impact occur on your vehicle?

A: The front driver's side area hit the other car's passenger door, I think.

Q: Were you injured?

A: Yes. I put my right hand out when the airbag went off and I landed hard on it. The doctor said my wrist is fractured. I have a cast now and I'm still going to physical therapy.

Q: Did you receive medical treatment at the scene?

A: They checked me out there, then I went to the emergency room the same day.

Q: Is there anything else you think I should know about the accident?

A: Only that I've been carfeul to follow everything the doctors have told me, and I want the claim handled quickly because I can't work with this wrist right now.

Q: Thank you. That concludes the statement.

A: Okay, thanks.
