Claim Notes

Claim number:	C-1095
Claimant:	Anthony Vega
Adjuster:	Darin Tyler

2025-03-01
Reported a side impact at an intersection this morning. The claimant is represented by counsel, so all further contact will go through the attorney's office.

2025-03-23
Spoke with the other driver, who described the clolision the same way the claimant did, including which vehicle entered the intersection first.

2025-04-12
The police report and two independent witnesses palce the claimant inside the vehicle at the time of impact. Scene photos line up with the described sequence.

2025-06-20
Reviewed damage to the claimant's vehicle. It is largely in line with a side impact at the angle described, and I see no sign of older damage in the same areas.

2025-07-01
Claimant reports neck pain consistent with whiplash, and the force of the collision looks like a reasonable match for that kind of injury. No earlier injury to the neck or shoulder is known.

2025-07-10
Calimant has given the same account in every call and meeting so far, including the order of events and what happened immediately afterward.

2025-07-27
Treatment records show visits have grown to near-daily, many times the usual amount for this injury, with new body areas added several weeks after the collision. This needs a closer look.

2025-08-04
Confirmed the driver of the claimant's vehicle lives with the policyholder and is covered as a household member under the policy.

2025-09-23
Verified the policy was in force at the time of the loss. Nothing in the file suggests the damage predates the coverage start.

2025-09-25
Referred the medical file to our nurse reviewer to compare the treatment against the injury and crash forces. Will follow up with the attorney's office on the outstanding records request.

Recorded Statement

Claim number:	C-1095
Statement of:	Anthony Vega
Taken by:	Darin Tyler
Date:	2025-02-05

Q: This recorded statement is regarding a collision at an intersection in Sugar Land, Texas. Please state your full name for the record.

A: I'd prefer to keep my name off the recording for now, if that's alright. You can note that I was the driver of the vehicle.

Q: That works. Can you describe how the collision happened?

A: I was driving through the intersection on a green light. Another vehicle came from my right side and went through the red light. It struck the passenger side of my car, which is the side facing that direction.

Q: Did you see the other vehicle before the impact?

A: Only for a second. I saw movement from the right, but there wasn't enough time to react or brake.

Q: Were you injured?

A: Yes. My neck snapped forward and back when the impact happened. The next morning I had stiffness and pain that ran into my shoulders, and turning my head to check mirrors is hard now.

Q: Have you seen a medical provider since the collision?

A: I went to an urgent care clinic that same day and was told it looked like whiplash. I've been doing physical therapy twice a week since then.

Q: Were any police or emergency personnel at the scene?

A: An officer came out and took a report. I can give you the report number once I find it.

Q: Is there anything else you would like to add?

A: Only that I'm still having headaches and I've had to miss some shifts at work because of the pain. I'm willing to provide my medical records and any documentation you need.

Q: Thank you. This concludes the statement.

A: Thank you.
