Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my left ran the red and struck the driver's side of my car. The impact spun my vehicle partway around and pushed it onto the curb. I have told this same account every time I have described the collision, to the officer at the scene, to the adjuster, and to my doctor, and I have not changed any detail. I drive the car regularly, and I live in the same household as the policyholder, so I am listed as a covered household member under this policy. Since the crash I have had stiffness and pain in my neck and upper back, and a doctor diagnosed me with whiplash. I have attended physical therapy and am still experiencing limited range of motion when I turn my head. I am submitting this statement to support my claim for medical treatment and the repair of the vehicle.
