Description of the accident (claimant's words)

I was stopped at a red light on a main road in Katy, Texas, when the car behind me hit my rear bumper hard enough to jolt me forward against my seatbelt. I got out and spoke with the other driver, and when I later described what happened to the adjuster, the police officer, and my own insurance agent, I gave them the same account each time: the light was red, I had been stationary for several seconds, and the impact came from behind. I am the named driver on this policy and was operating my own vehicle with permission from no one else. Within a day my neck and upper back were stiff and sore, and my doctor diagnosed whiplash. I am still attending physical therapy and have had to limit driving and lifting.
