Claim Notes

Claim number:	C-1098
Claimant:	Jasmin Kelly
Adjuster:	Alison Sweeney

06/27/2025
The claimant reported a low-speed head-on collision this morning and stated that a shoulder injury began at the scene. The claim was opened and the claimant confirmed they are not represented by an attorney.

07/29/2025
Called the claimant to walk through the sequence of events. The account given matched the first report, and the claimant said they had been stopped at a light before the other vehicle struck the front of their car.

08/05/2025
Spoke with the other driver, who described the same impact and agreed on the direction each vehicle was traveling. Their statement lines up with the claimant's account in every major point.

08/10/2025
Reviewed the police report, which confirms the claimant was seated in the driver's position at the time of the collision. Officer notes match the scene description given by both parties.

08/11/2025
Received the scene photographs and two witness statements. Both witnesses describe the same low-speed contact and place the claimnat inside the vehicle when it happened.

08/15/2025
Inspected the vehicle damage at the repair facility. The crush pattern and the location of the front-end damage are consistent with the impact described, and no prior damage to the vehicle is on record.

09/06/2025
Checked coverage records. The driver is listed on the policy, and nothing in the file suggests the damage occurred before coverage began.

09/11/2025
The claimant reported a shoulder injury and was seen at urgent care the same day. The clinician's notes describe pain and limited movement, which fits the type of force involved in a collsiion like this one.

09/24/2025
Asked the claimant about prior medical history to the same area. The claimant recalled a minor strain several years ago and confirmed it healed fully with no lasting problems. Records reviewed so far support that account.

11/06/2025
The claimant has since added a few small details about the moment of impact, such as the sound and the seat position. The core account has not changed, and the additions do not conflict with the scene evidence.

12/04/2025
Treatment has followed a typical course, with physical therapy sessions scheduled and then spaced out as the claimant reported steady improvement. Recent notes show the shoulder is now close to its pre-accident range of movement.

01/02/2026
Based on the damage pattern, the injury type, and the consistent statements from all parties, the claim is progressing normally. Next step is to finalize the treatment summary and confirm the remaining records before closing the file.

Recorded Statement

Claim number:	C-1098
Statement of:	Jasmin Kelly
Taken by:	Alison Sweeney
Date:	07/03/2025

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported in Pasadena, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please tell me in your own words what happened.

A: I was driving on a two-lane road in the early afternoon. Traffic was light. The other vehicle came over the center line and we ended up nose to nose. I braked hard but there wasn't time to avoid it. It did not feel like a high-speed impact.

Q: How fast do you believe you were traveling before the collision?

A: Maybe twenty-five miles an hour, something like that. I wasn't in a hurry.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did either airbag deploy?

A: No, they didn't. My car was drivable at first, but I had it towed because the front end was pushed in.

Q: Where do you feel injuries right now?

A: My right shoulder hurts a lot. I hit the steering wheel and the seatbelt grabbed me across the chest. The shoulder pain started within an hour and has been getting worse when I lift anything.

Q: Have you seen a doctor or other provider since the collision?

A: Yes, I went to an urgent care clinic that same evening. They took X-rays and told me to follow up with an orthopedic provider.

Q: Did you have any shoulder problems before this collision?

A: No, not that I can recall. I was working out regularly and had no restrictions.

Q: Is there anything else you want to add to your statement?

A: Only that I'm cooperating fully and I'll send over any records you need.

Q: Thank you. This concludes the statement.
