Officer's narrative

Driver 1 was traveling in the left lane when the front of the vehicle struck the rear of Driver 2's vehicle at low speed while Driver 2 was slowing for a stopped vehicle ahead. Both drivers were stopped in the roadway when officers arrived. Driver 1 reported pain in the right shoulder and stated that the seat belt tightened sharply on impact, a account consistent with the force and direction of the collision. Driver 2 described the events in the same sequence, and two bystanders who had been waiting at the adjacent intersection gave statements that matched both accounts. Photographs taekn at the scene show damage to the front bumper and hood of Driver 1's vehicle and the rear bumper of Driver 2's vehicle, which is consistent with the impact described. Officers confirmed that Driver 1 was seated behind the wheel at the time of the collision, and a Passenger in the rear seat was also identified and checked. Driver 1 stated there was no prior damage to the vehicle, and no earlier damage was observed during the inspection. Driver 1 is listed as a named driver on the insurance policy covering the vehicle.
