Officer's narrative

On arrival at the intersection in League City, Texas, I found a two-vehicle collision. Driver 1 was turning left when the front of the vehicle was struck by Driver 2's vehicle. A Passenger was riding with Driver 1. Driver 1 reported a concussion and was checked at the scene. The reported symptoms fit the kind and force of this impact. Damage to both vehicles is moslty in line with the described sequence of events. Scene photographs confirm several of the reported positions and damage areas. A few old scratches on the rear panel of Driver 1's vehicle may be older than this collision. No independent witnesses were located. Driver 1's name was not given to me at the scene, and the claim was reported several days later. Driver 1 is named on the policy covering the vehicle. Both drivers were cooperative, and no citations were issued at the scene.
