Claim Notes

Claim number:	C-1103
Claimant:	Jeanne Robertson
Adjuster:	Alison Sweeney

September 22, 2024
Claim received by phone from the policyholder's driver reporting a side impact at a signalized intersection. The claimant states they were struck on the driver's side by a vehicle entering from the cross street, and confirmed that the driver is named on the policy.

October 22, 2024
Reviewed the policy and confirmed coverage was in froce at the time of loss, with no sign of any issue predating the coverage start. Requested the police report, photos from the scene, and statements from the other driver and a witness.

December 2, 2024
Spoke with the claimant, who is not represented by an attorney, and took a recorded statement. The account matched the first report in every detail. The claimant reports a back strain from the impact and says they sought care the following day.

December 13, 2024
Received scene photos and the witness statement. Both support the claimant's description of the collision and the other driver has confirmed the sequence of events. Vehicle damage is concentrated along the driver's side and appears largely consistent with the described impact.

December 16, 2024
Obtained medical records showing the reported injury is consistent with the type and force of a side impact. Treatment followed a typical course and tapered as the claimant improved. Records show no prior complaints involving the same area of the back.

December 31, 2024
Reviewed the vehicle inspection. No prior damage to the vehicle is known from the prior claims history. The claimant could not say with certainty which seat position they occupied at the moment of impact, though this does not appear to change the overall picture of the loss.

January 2, 2025
Reviewed all materials. Injury, vehicle damage, witness accounts, and scene evidence fit together, and the claimant's account has stayed consistent throughout. File moved to the next stage for evaluation of the bodily injury and property damage components.

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you reported at an intersection in Pasadena, Texas. Do you understand that this call is being recorded?

A: Yes, I understand. You can go ahead.

Q: Please tell me in your own words what happened.

A: I was driving through the intersection on a green light, heading straight. A vehicle coming from my right pulled out and hit the driver's side of my car. I didn't see it coming until the last second.

Q: Did you brake or swerve before impact?

A: I hit the brakes, but there wasn't enough time to avoid it. My car spun a little from the force.

Q: Were you injured?

A: Yes. My lower back hurts pretty badly. I felt a sharp pain right after the collision, and it's gotten worse since. I went to an urgent care clinic that same day and they diagnosed a back strain.

Q: Are you still receiving treatment?

A: I have a follow-up with my doctor next week and I'm doing physical therapy twice a week. I'm also taking prescribed anti-inflammatory medication.

Q: Did you have any prior problems with your back?

A: I had some stiffness a few years ago, but nothing that stopped me from working or doing nomral activities.

Q: Were there any passengers in your vehicle?

A: No, I was alone.

Q: Did you speak with the other driver at the scene?

A: Briefly. They said they were sorry and that they hadn't seen my car either.

Q: Is there anything else you'd like to add?

A: No, I think that covers it. I just want to get my car repaired and get my back back to normal.

Q: Thank you. This concludes the statement.
