Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my left pulled out and struck the side of my car. The impact spun my vehicle partway around, and I felt a sharp pain in my lower back almost immediately. I have given the same description of what happened every time I have been asked, whether to the officer at the scene, to the adjuster, or to the medical staff. I am the named driver on the policy, and I am submitting this claim on my own behalf. My back has been stiff and sore since the collision, and my doctor has diagnosed a back strain and recommended physical therapy. I am keeping all receipts and records related to my treatment and the repairs to my car, and I am willing to provide any further documents the insurer needs to process this claim.
