Bodily Injury Unit

Claim Notes

Claim number:	C-1104
Claimant:	Shirley Rhodes
Adjuster:	Alison Sweeney

2024-01-04
First notice of loss received for a side impact at an intersection involving the insured's vehicle and a second car, with the claimant reporting a knee injury and retaining counsel before the file was opened.

2024-01-10
Confirmed that the driver listed as the insured is named on the policy and that the policy was in force at the time reported.

2024-01-18
Obtained the police report, which places the claimant inside the vehicle at the scene, though no independent witness statements or photographs of the collision have been located to date.

2024-02-20
Reviewed the vehicle damage estimate; the crush pattern and point of contact are consistent with the impact described in the first notice.

2024-03-18
Claimant's account was taken by phone and repeated again in a second conversation with counsel present, with the sequence of events matching in each telling.

2024-04-06
Medical records show a knee injury whose type and severity fit the force expected from a side impact of this kind, and no prior treatment to that body area has turned up in the records requested.

2024-04-13
Noted a few old scratches on the vehicle that may predate this collision; the photos will be reviewed to separate them from new damage.

2024-06-23
Treatment has continued for somewhat longer than is typical for this type of knee injury, and the treating provider's notes have been requested to understand the reasons for the extended course.

2024-07-08
Checked policy history and found nothing indicating the damage occurred before coverage began; the effective dates remain consistent with the loss.

2024-07-11
Counsel has been asked for the claimant's full treatment list and any additional documents supporting the injury claim; the file remains open pending receipt.

2024-07-28
Reviewed the file summary with the supervisor, who agreed that the outstanding items are the provider notes, the full scratch photo set, and independent confirmation of the collision if any becomes available.

Recorded Statement

Claim number:	C-1104
Statement of:	Shirley Rhodes
Taken by:	Alison Sweeney
Date:	2024-01-10

Q: Thank you for taking the time to speak with me today. This recording is for claim review purposes. Can you plaese state your full name for the record?

A: I'd rather not give my full name on a recording, but you already have it on the claim file. Go ahead.

Q: That's fine. Can you walk me through what happened at the intersection in Houston?

A: I was going through a green light heading north. A car coming from the cross street didn't stop and hit the driver's side of my vehicle.

Q: Did you see the other vehicle before the impact?

A: Not really. It came out of nowhere. I heard the horn and then there was a loud bang.

Q: Were you able to drive your vehicle from the scene?

A: No. The front was pushed in and the airbags went off. A tow truck took it away.

Q: Did you get any medical attention after the collision?

A: An ambulance took me to the hospital. They X-rayed my knee and told me it was badly bruised and possibly torn. I've been on crutches since then.

Q: Have you seen a doctor since discharge?

A: Yes, I've had two follow-up visits with an orthopedic doctor. They want me to do physical therapy three times a week.

Q: Had you ever injured that knee before?

A: Years ago I twisted it playing soccer, but it had fully healed and I hadn't had any trouble with it in a long time.

Q: Is there anything else you think I should know about the accident?

A: Only that I was following the traffic rules and I'm still struggling to get back to work because of this knee.

Q: Thank you. We'll follow up in writing once we've reviewed the information.

A: Okay, thanks.
