Description of the accident (claimant's words)

I was backing my car out of a space in the parking lot of a grocery store in Conroe, Texas, moving slowly, when the front corner of the other vehicle struck the driver's side of mine. I had checked my mirrors and saw nothing approaching, so I was surprised by the impact. I stopped immediately, stepped out, and exchanged information with the other driver. My wrist hit the door frame as the cars met, and I was later diagnosed with a fracture. I have described these events the same way to the adjuster, to the officer on scene, and to the staff at the clinic, and I have nothing to add or change. I live at the same address as the policyholder and am listed in the household, so I am submitting this claim as a covered household member.
