### Description of the accident (claimant's words)

I was stopped at a red light on a main road in Pearland, Texas, when the car behind me hit my rear bumper hard enough to push my vehicle forward into the intersection. I had my foot on the brake and my head was resting against the seat when the impact came, so I did not see it coming. My neck snapped back and then forward, and I felt a sharp pain arcoss the back of my neck and shuolders within minutes. I gave the same description of what happened to the other driver, to the responding officer, and to the adjuster when I called in the claim, and I have not changed any detail since. I am the named driver on this policy and I am the person who was operating the vehicle at the time. I have kept the medical notes from my visit and I am willing to provide them.
