Description of the accident (claimant's words)

I was driving through the intersection on a green light when a car coming from my right ran the red and struck the passenger side of my vehicle. The impact pushed my car sideways and I felt a sharp pain across my lower back right away. I stayed at the scene until the police officer arrived, and I gave the same description of what happened to the officer, to the other driver, and to the paramedics. I have not changed any part of it since. I am the one who was driving, and I live in the same household as the policyholder, so I am listed on the policy as a covered household member. Since the crash I have been seeing a doctor for a back strain and following the treatment plan I was given. I am filing this claim so the costs of my care and the damage to the vehicle can be reviewed.
