Description of the accident (claimant's words)

I was stopped at a red light on a main road in Pasadena, Texas, when the car behind me hit my rear bumper hard enough to push my vehicle forward into the intersection. I was wearing my seatbelt and my head snapped back and then forward. Within an hour I noticed stiffness and a sharp ache across the back of my neck that made it hard to turn my head to check traffic. I have told this same account to the adjuster, to the officer at the scene, and to the clinic where I was seen, and the details have not changed. I am the named driver on this policy and I was operating the vehicle with the owner's permission at the time. I am submitting this statement so the damage to my vehicle and the neck strain I am still treating can be reviewed.
