Description of the accident (claimant's words)

I was changing lanes on the highway in League City, Texas, checking my mirror and signaling first, when a vehicle in the lane beside me moved over and clipped the side of my car. I felt the impact through the steering wheel and pulled onto the shoulder as soon as I could. My wrist struck the door frame during the contact, and by the time the ambulance arrived it was swelling badly. The emergency room later confirmed a fracture. I have given the same descripiton of what happened to the officer at the scene, to the medical staff, and to my insurer. Since then I have remembered a few smaller details, such as the color of the other car's bumper, but the core sequence has not changed. I am the named driver on this policy and I am submitting this statement in good faith.
