Description of the accident (claimant's words)

I was making a left turn at an intersection in Sugar Land, Texas, when another vehicle struck the side of my car. I had the green light and was moving slowly through the turn when the impact came. The force threw me against the door and I felt sharp pain in my left wrist right away. I stayed at the scene until the police arrived, and I have described what happened the same way every time I have spoken about it, whether to the officer, to the medical staff, or to my insurer. I am the named driver on this policy and I was operating the vehicle with permission at the time. Since the collision I have been wearing a splint for a wrist fracture and attending follow-up appointments as advised.
