2023-05-19
Reviewed the initial statements from both drivers and the police report. Both accounts describe the same sequence of events, with the other vehicle entering the intersection as the policyholder completed the left turn.

2023-06-01
Inspected the vehicle damage. The damage is mostly consistent with the impact descriebd and lines up with the points of contact shown in the scene photos.

2023-06-08
Verified coverage. The driving policyholder lives with the named insured and qualifies as a covered houeshold member. Nothing suggests the damage predates the start of the policy.

Recorded Statement

Claim number:	C-1120
Statement of:	Laurie Gonzales
Taken by:	Darin Tyler
Date:	2023-03-31

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just get to what happened, but fine. I'm the driver of the vehicle involved.

Q: Understood. Can you describe where you were and what you were doing right before the impact?

A: I was in Houston, heading down a main road and turning left into a shopping center driveway. I had my signal on and I was going slowly because of the traffic coming the other way.

Q: When you began your turn, what did you see in the oncoming lanes?

A: There was a car coming toward me. I thought I had enough room, but the other vehicle came in faster than I expected and clipped the front of my car.

Q: Did you have any warning before the contact, like a horn or brakes?

A: I heard a horn just before it hit. I tried to brake but there wasn't time.

Q: Were you wearing a seatbelt, and did the airbags deploy?

A: Yes, I had my seatbelt on. The airbags did not go off, but the steering wheel jerked hard and I twisted my body.

Q: Can you tell me about any injuries you have noticed since the collision?

A: My left knee took the worst of it. It hit the dashboard area and it's swollen and painful when I put weight on it. I went to get it checked out a few hours later.

Q: Have you been seen by a medical provider for the knee, and are you currently receiving treatment?

A: Yes, I was seen and they gave me a referral for imaging. I'm scheduled for follow-up appointments and I'm using a brace for now.

Q: Is there anything else you would like to add to your statement?

A: Only that I was driving carefully and I'd like this resolved so I can get back to work.

Q: Thank you. This concludes the recorded statement.
