Description of the accident (claimant's words)

I was making a left turn at an intersection in Houston, Texas, when another vehicle struck the side of my car. I was driving carefully and waited for a clear gap before turning. When the impact happened, my right knee hit the dashboard, and I have been dealing with pain and swelling ever since. I have described the events the same way to the officer at the scene, to the adjuster, and to my doctor. I live in the same household as the policyholder, and I was driving the vehicle with their permission, so I am submitting this claim as a covered household member. I am asking for help with my medical costs and the repairs needed to get my car back on the road.
