Description of the accident (claimant's words)

I was stopped at a red light on a main road in Pearland, Texas, when the car behind me hit my rear bumper hard enough to push my vehicle forward into the intersection. I did not see the other car coming and had no time to react. My seatbelt caught me, but my rgiht shoulder slammed against the door frame and I felt a shrap pain that spread down my arm. I told the responding officer, the other driver, and my insurer's adjuster exactly the same thing each time: I was stationary, my foot was on the brake, and the impact came from behind. I live in the same household as the policyholder and drive the family vehicle regularly, so I am covered under this policy as a member of that household. I have been seeking treatment for the shoulder and will provide records as they become available.
