### Description of the accident (claimant's words)

I was driving home along a two-lane road in Katy, Texas, when a car coming from the opposite direction drifted into my lane and our front bumpers met. We were both moving slowly, so the impact was low-speed, but it was enough to jolt me forward and back against my seat. Since that moment I have described what happened the same way every time I have spoken with the adjuster, the police officer on scene, and the medical staff. I am the named driver on this policy and I have kept my insurer informed at each step. Afterward my lower back felt tight and sore, and I was diagnosed with a back strain. I have been following the treatment plan my doctor recommended and I am sending copies of my records with this form. I am willing to answer any further questions.
