Claim Notes

Claim number:	C-1126
Claimant:	Paul Long
Adjuster:	Valerie Rodriguez

September 4, 2023
First notice of loss was received from the policyholder reporting a collision in a parking lot while the vehicle was parked. The driver was listed as a household member of the policyholder, so coverage for this driver is confirmed.

October 29, 2023
Police attended the scene and confirmed the claimant was in the vehicle at the time. Photos taken at the scene show damage consistent with the impact described, and the other driver gave an account that matches the claimant's.

November 25, 2023
Witness statements were obtained and all of them describe the collision as the claimant reported it. The claimant has been represented by counsel since early in the claim, and all further contact is being routed through the attorney's office.

January 16, 2024
A neighbor mentioned in a brief call that the vehicle appeared to have been damaged a few weeks before the reported collision. The neighbor could not give specifics, and no earlier damage to the vehicle is recorded in our file or in the prior claims search.

February 21, 2024
The vehicle was inspected and the repair estimate lines up with the damage pattern from the reported impact. The claimant's knee injury was reported and medical records show it fits the kind and force of the crash, with no earlier injury to that body area on record. Treatment has continued somewhat longer than is typical for this injury, and the file is being reviewed against the usual recovery timeline.

March 6, 2024
The claimant's account has stayed the same in every conversation with the adjuster and through counsel. Based on the police report, witness statements, photos and the inspection, the file is being prepared for the next review step, with the neighbor's comment noted for follow-up.

Recorded Statement

Claim number:	C-1126
Statement of:	Paul Long
Taken by:	Valerie Rodriguez
Date:	July 28, 2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the parking lot collision you reported in Sugar Land, Texas. Please state your full name for the record.

A: I'd rather just give you the facts of what happened, if that's alright.

Q: That's fine, but I do need you to identify yourself for the file. Can you confirm your name?

A: Sure. It's the person listed as the driver on the policy paperwork.

Q: Understood. Can you describe where you were when the collision occurred?

A: I was backing out of a parking space in a large retail lot. It was late afternoon and the lot was pretty busy.

Q: Did you see the other vehicle before contact?

A: Not right away. I checked my mirrors and saw nothing, but then I heard a horn and felt the impact on the rear passenger side of my car.

Q: How fast were you moving when you started backing?

A: Very slowly, maybe walking pace. I was still turinng the wheel when it happened.

Q: Were you injured in the collision?

A: Yes. My right knee hit the dashboard area when the car jolted. It swelled up within a few hours and I've had trouble bearing weight on it since.

Q: Have you received medical treatment for the knee?

A: I went to an urgent care clinic that same evening. They took X-rays and told me to follow up with an orthopedic doctor. I have an appointment set up for later this week.

Q: Were there any witnesses you're aware of?

A: I'm not sure. A couple of people were walking nearby, but I didn't get their names.

Q: Is there anything else you'd like to add to your account?

A: Only that I've been careful about this from the start and I want the damage to my car and my knee dealt with properly.

Q: Thank you. That concludes the statement.
