Reported injury:	knee injury

Description of the accident (claimant's words)

I was backing out of a parking space at a shopping center in Sugar Land, Texas, moving slowly, when another vehicle struck the rear quarter of my car. I stopped immediately, got out, and exchanged information with the other driver befroe anything else. My left knee hit the door frame during the impact, and by the next morning it was swollen and painful enough that I could not bend it fully or put weight on it comfortable. I have given the same description of what happened to the adjuster, to the officer who responded, and to the medical staff who treated me, and I have not cahnged any part of it. I am listed as a household member on the policy, since I live with the policyholder, and I am submitting this claim as a covered driver under that coverage.
