Claim Notes

Claim number:	C-1129
Claimant:	Jeffrey Davenport
Adjuster:	Christopher Wong

2025-01-15
First notice of loss reecived by phone from the claimant, who reports being rear-ended at a traffic light by another vehicle and says they were taken to hospital with a head injury diagnosed as a concussion.

2025-03-16
Confirmed the claimant is the named driver on the policy and that the policy was in force at the time of the collision. Opened the file and assigned it for handling.

2025-04-08
Spoke with the claimant, who is not represented by a lawyer. They described the same sequence of events they gave at first notice and said they were stopped and wearing a seatbelt when impact occurred.

2025-04-20
Obtained the police report. Officers at the scene recorded the claimant as a occupant in the vehicle and noted the rear impact, with the other driver's account matching the claimant's.

2025-05-07
Took statements from two witnesses who saw the collision from the adjacent lane. Both describe the vehicle being struck from behind in the way the claimant described.

2025-05-17
Received photographs of the vehicle from the claimant and a repair estimate from the body shop. The damage to the rear is mostly consistent with the reported impact speed and direction.

2025-06-16
Inspected the vehicle with the shop's assessor. No prior damage was found, and no earlier repairs to the affected areas appear in the vehicle history.

2025-06-24
Reviewed the claimant's medical records. The concussion diagnosis fits the kind and force of a rear impact of this type. Treatment continued somewhat longer than is typical for this injury, and the treating provider noted follow-up visits.

2025-06-29
Asked the claimant about any earlier injuries to the head or neck. The claimant reported none, and no proir injury to the same body area appears in the records obtained so far.

2025-07-19
Spoke with the other driver, who confirmed the collision happened as the claimant described and acknowledged responsibility for the rear impact.

2025-07-27
Confirmed with the claimant on a second call that the account has stayed the same across every conversation so far. Nothing in the file suggests the damage predates the policy start date.

2025-07-31
Reviewed the file summary. Liability appears clear, the vehicle damage is in line with the reported impact, and the injury claim is proceeding to evaluation of medical treatment costs and lost time.

Statement of:	Jeffrey Davenport

Q: Thank you for taking the time to speak with me today. This recording is for claim file purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Can you describe where you were and what you were doing when the collision happened?

A: I was driving home in Pearland, stopped at a traffic light on a main road. It was a clear afternoon and traffic was moving normally.

Q: What happened next?

A: The lihgt turned green and I started to go, and then I felt a hard jolt from behind. My head snapped forward and back. The car behind me had hit mine.

Q: Did you see the other vehicle before the impact?

A: Only in my mirror, a second before. It didn't look like it was slowing down much.

Q: Were you able to get out of your vehicle at the scene?

A: I got out, but I felt dizzy and my neck was stiff. A bystander stayed with me until the police arrived.

Q: Have you sought medical treatment since the collision?

A: Yes. I went to the emergency room that evening. They diagnosed a concussion and told me to rest and avoid screens for a while. I've also been seeing my doctor for headaches and trouble concentrating.

Q: How are you feeling now?

A: Better than the first few days, but I still get headaches by the afternoon, and I've had to take time off work because reading and focusing are hard.

Q: Is there anything else you'd like to add?

A: Only that I want to make sure my medical records are included in the claim. Thank you for listening.

Q: Thank you. That concludes the statement.
