Claim Notes

Claim number:	C-1131
Claimant:	Matthew Cervantes
Adjuster:	Christopher Wong

13 Jul 2024
Claim received for a sideswipe that occurred while the insured's vehicle was changing lanes. The claimant reports a knee injury and is not represented by an attorney.

18 Jul 2024
Confirmed that the driver is named on the policy and that the coverage was in force at the time of the incident. Nothing so far suggests the damage predates the policy start.

3 Aug 2024
Reviewed the police report, which places the claimant inside the vehicle at the time of impact. Requested photos from the scene and the repair facility.

2 Sep 2024
Photos received. They confirm several points of the described impact, including contact along the passenger side panel. No independent witnesses have come forward to date.

12 Sep 2024
Spoke with the claimant by phone. The account of the lane change and the conatct matches the initial report, and the claimant described the knee injury without any changes to the earlier statement.

22 Sep 2024
Reviewed the damage estimate. The damage is mostly consistent with the described impact. A few old scratches near the rear quarter panel may predate this crash, so the appraiser has been asked to note them separately.

14 Oct 2024
Obtained the medical summary. The reported knee injury is plausible for a collision of this type. No prior injury to the same body area is on record.

12 Nov 2024
Treatment has run somewhat longer than is typical for this kind of knee injury. Requested the treating provider's notes to understand the timeline of care.

17 Nov 2024
Follow-up call with the claimant. The claimant repeated the same account of events as in every prior conversation, with no new details added or removed.

23 Nov 2024
Reviewed the provider notes and the photos together. The overlal picture is consistent with the reported crash. The extended treatment period remains the main open question and is being monitored.

25 Dec 2024
File updated with current findings. Injury evaluation and the separate note on the older scratches remain pending before the claim is finalized.

Recorded Statement

Claim number:	C-1131
Statement of:	Matthew Cervantes
Taken by:	Christopher Wong
Date:	14 Jun 2024

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just give my first name for now, if that's okay.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in League City, Texas, on one of the main roads near the shopping center. I was trying to move over one lane because I needed to make a turn coming up.

Q: What were you doing right before the impact?

A: I checked my mirror, saw what I thought was a clear lane, and started to change over. I was signaling, I'm pretty sure of that. Then I felt a bump on the driver's side and heard scraping.

Q: Did you see the other vehicle before it made contact?

A: Not really. It was kind of in my blind spot, and I didn't catch it until the contact happened.

Q: Were you able to get your vheicle stopped safely afterward?

A: Yes, I pulled onto the shoulder. My car was still drivable, but the side was pretty banged up.

Q: You mentioned an injury. Can you describe it?

A: My right knee hit the dashboard and the door frame when I jerked the wheel. It swelled up pretty quickly, and I've had trouble bearing weight on it since.

Q: Have you seen a doctor or received any treatment for the knee?

A: I went to urgent care that same afternoon, and I've got a follow-up scheduled with an orthopedist next week.

Q: Did anyone else ride in your vehicle at the time?

A: No, I was alone.

Q: Is there anything you'd like to add to your statement before we finish?

A: Just that I was driving carefully and I'm hoping this gets sorted out quickly, because I'm still having a hard time getting around.

Q: Thank you. That concludes the statement.
