Claim Notes

Claim number:	C-1132
Claimant:	Susan Andrews
Adjuster:	Jerry Hanson

8-23-23
The insured reported a hit while turning left at an intersection, with the other vehicle striking the rear quarter of the claimant's car. The claimant is represented by counsel, and all contact is being routed through the attorney's office going forward.

9-1-23
Photos from the scene and the other driver's statement line up with the reported impact, and the damage on the claimant's vehicle is consistent with a side-to-rear collision of this kind. Two independent witnesses describe the same sequence of events.

11-28-23
Police records and the witnesses both place the claimant inside the vehicle at the time of impact. The driver is listed on the policy, and no earlier damage to the vehicle has come to light; nothing in the file suggests the damage predates the coverage start.

11-29-23
The claimant reports lower back strain and has been treating with a physician. The reported injury is a plausible result of a collision of this type, and there is no record of prior trouble in that body area.

1-25-24
Treatment has followed a typical course, with therapy visits tapering as the claimant's mobility and pain improved. Medical notes are consistent with the progress the claimant describes.

2-9-24
The claimant's account of the accident has stayed the same across every call, written statement and meeting with the adjuster, with no material differences in the details.

2-11-24
Based on the consistent evidence, the claim is moving fowrard on the liability and injury components, with counsel copied on the next status letter and a reserve review scheduled.

Recorded Statement

Claim number:	C-1132
Statement of:	Susan Andrews
Taken by:	Jerry Hanson
Date:	8-23-23

Q: Thank you for taking the time to speak with me today. This recording is for claim review purposes. Can you please state your full name for the record?

A: I'd rather not give my full name on a recording, but you already have it on the claim file.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was driving through Pasadena, Texas, and I was making a left turn at an intersection with a green light, or I thought it was green when I started.

Q: What happened as you began the turn?

A: I was partway into the turn when another vehicle came through from the opposite direction and hit the front passenger side of my car. I didn't see it coming until it was right there.

Q: Did you brake or swerve before impact?

A: I hit the brakes, but there wasn't much time. The impact pushed my car sideways.

Q: Were you injured?

A: Yes. My lower back started hurting right away. It's a strain, and the doctor said I should rest it and avoid lifting for a few weeks.

Q: Have you seen a medical provider since the accident?

A: Yes, I went to urgent care the same day and I've had follow-up visits since.

Q: Thank you. Is there anything you would like to add to your statement?

A: Only that I'm still having stiffness when I sit for long periods. I'd like the claim handled as quickly as possible.

Q: Thank you for your time. This concludes the recorded statement.
