### Description of the accident (claimant's words)

I was making a left turn at an intersection in Pasadena, Texas, when another vehicle struck the side of my car. I had slowed nearly to a stop and was waiting for a gap in oncoming traffic when the impact came. The force threw me against my seatbelt and then back into the seat, and within an hour my lower back had started to ache and stiffen. I have described the collision the same way every time I have spoken about it, whether to the officer at the scene, to the other driver, or to the adjuster on the phone. I am the named driver on this policy and I was operating the vehicle with the owner's permission. I have been seeing a physical therapist for a back strain since the accident and I am following the treatment plan I was given.
