Description of the accident (claimant's words)

I was stopped at a red light on a main road in Houston, Texas, when the car behind me hit my rear bumper hard enough to jolt me forward against my seat belt. I stayed at the scene until the other driver and I excahnged details, and I have described the events the same way in every conversation since, whether with the other driver, the police officer who came out, or the adjusters who later called me. I am the person named on this policy, and I was driving my own vehicle at the time. The impact left me with a stiff neck and pain across my shoulders that got worse over the next two days, and I have been attending physical therapy sessions to ease it. My vehicle has visible damage to the rear bumper and trunk, which I have photographed.
