Claim Notes

Claim number:	C-1135
Claimant:	Jon Ellis
Adjuster:	Christopher Wong

10/07/2023
Claim opened after a rear-end collision reported by the insured's driver, who is named on the policy. The claimant reports neck pain and has not retained a lawyer.

10/20/2023
Police report and two independent witnesses confirm the accident happened as described, and the other driver's account matches. Photos of the rear bumper are on file.

11/10/2023
Police and witnesses confirm the claimant was in the vehicle at the time of impact. Claimant gave a statement that is consistent with the initial report.

11/15/2023
Reviewed the vehicle's prior repair history. No earlier damage to the vehicle is known, and nothing suggests the damage predates the start of coverage.

11/20/2023
Claimant was seen at urgent care the same day and diagnosed with whiplash. The reported injury is plausible for a crash of this type.

12/01/2023
Claimant described the same account of the collision in every conversation so far. No changes to the timeline or sequence have come up.

12/11/2023
Claimant's records show a minor strain in the same neck area several years ago, which healed fully according to the prior provider notes.

01/22/2024
Treatment has run somewhat longer than is typical for this injury. Requested a updated treatment plan and records from the treating clinic.

02/07/2024
Clinic records are received. Physical therapy visits continue, and the notes describe gradual improvement with some ongoing stiffness.

02/23/2024
Reviewed the damage estimate against the photos. It is not clear yet whether all of the claimed damage came from this impact, so the question is open.

04/15/2024
Sent a request to the medical reviewer to assess how much of the current treatment relates to this collision, given the earlier strain.

04/19/2024
File remains open pending the medical reviewer's opinion on causation and the final treatment update from the clinic.

Recorded Statement

Claim number:	C-1135
Statement of:	Jon Ellis
Taken by:	Christopher Wong
Date:	09/07/2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in, in Katy, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please describe where you were and what you were doing when the collision occurred.

A: I was driving on a main road in Katy, stopped at a traffic light behind a line of cars. I had been waiting for a few seconds when I felt a hard impact from behind.

Q: Did you see the vehicle that hit you before the impact?

A: No. I was looking forward at the light and my mirrors didn't show anything unusual.

Q: How fast do you believe the other vehicle was moving when it struck you?

A: I'd guess it was moving at a reasonable speed, but I didn't have time to react. It was enough to push my car forward into the vehicle ahead.

Q: Did you get out of your vehicle at the scene, and did you speak with the other driver?

A: I got out to check on things. The other driver apologized and said they had looked down at their phone for a moment.

Q: Have you sought medical care since the collision?

A: Yes. I went to an urgent care clinic the same day. They diagnosed me with whiplash. My neck is stiff and I've had headaches, and turning my head to the left hurts quite a bit.

Q: Are you currently receiving any treatment or taking medication?

A: I'm doing physical therapy twice a week and I take over-the-counter pain relievers when needed.

Q: Have you missed any work because of your injuries?

A: I've missed a few days and I've been working modified hours since then.

Q: Is there anything else you would like to add to your statement?

A: No, I think that covers it. I'm hoping to get back to normal soon.

Q: Thank you. This concludes the recorded statement.
