Re: Claim C-1136 - Demand for settlement

Dear Claims Representative:

Our office represents Amber Jones in connection with the motor vehicle collision that occurred on 06/17/2024. Our client was proceeding through an intersection while making a left turn when your insured's vehicle struck the driver's side of our client's car. The police report and the photographs taken at the scene document the point of impact and the resulting damage.

As a dierct result of the collision, our client suffered a neck strain that has caused ongoing pain, stiffness, and limited range of motion. Our client sought prompt medical evaluation and has followed the treatment plan recommended by the treating physician, including physical therapy and prescribed medication. Records confirm that the symptoms began immediately after the impact and have continued to affect daily activities, work duties, and sleep.

Liability in this matter is clear. Your insured failed to yield the right of way and caused the collision. Our client bears no responsibility for what occurred.

Accordingly, we demand payment of $31,000.00 to resolve all claims ariisng from this incident. This offer will remain open for thirty days from the date of this letter. If we do not receive a satisfactory response within that period, we will file suit without further notice to your company.

Please direct all future correspondence regarding this claim to our office.
