| **Claim number:** | C-1139 |
| **Claimant:** | Jeffery Fry |
| **Adjuster:** | Chelsea Hebert |

13 Apr 2025
Reported a sideswipe while changing lanes on a multi-lane road. The insured is named on the policy and confirmed the vehicle was in their possession at the time of loss.

2 May 2025
Spoke with the claimant, who reports a knee injury from the impact and is not represented by an attorney. The claimant described the event the same way I had heard it from the insured.

12 May 2025
Police report obtained. The responding officer recorded the claimant as an occupant of the vehicle, and two independent witnesses on scene placed the claimant inside it.

26 May 2025
Reviewed photos of the insured vehicle. The dents are on the opposite side from where the described contact would have occurred and sit lower on the body than expected for a lane-change sideswipe.

29 May 2025
Insured states the vehicle in front braked hard without apparent cause, forcing a quick lane change. When asked about the other driver, the insured said they knew the people in that car.

2 Aug 2025
Obtained the prior claims history on the vehicle. No earlier damage to this area or any other part of the vehicle is on file, and nothing suggsets the damage predates the policy start.

27 Aug 2025
Claimant's medical records were requested. The knee findings are consistent with the force and direction of a side impact of this type.

21 Sep 2025
Treatment notes show a standard course of care, with visits reducing in frequency as the claimant's mobility and pain improved. No prior complaints or treatment for the same knee appear in the records.

7 Oct 2025
Contacted the claimant agian to clarify the sequence of events. The account matched the earlier statement in every detail, including the order of the braking and the lane change.

27 Oct 2025
Discussed the mismatch between the damage and the account with the insured. The explanation given did not address the location or height of the dents.

30 Oct 2025
Reviewed the relationship between the drivers and the braking incident with the field investigator. The investigator noted that the parties appear to have known each other, which raises questions about how the collision occurred.

9 Nov 2025
File referred for further review. The injury and the claimant's prseence in the vehicle are supported, but the damage pattern and the reported circumstances still need to be reconciled before a coverage decision is made.

| **Claim number:** | C-1139 |
| **Statement of:** | Jeffery Fry |
| **Taken by:** | Chelsea Hebert |
| **Date:** | 26 Mar 2025 |

Q: Thank you for taking the time to give this recorded statement. Can you state your full name for the record?

A: I'd rather not give my full name on a recording, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you tell me, in your own words, what happened on the day of the accident?

A: I was changing lanes on a multi-lane road in Pearland. I checked my mirror, saw the lane was clear, and started moving over. Then a vehicle in the next lane came up alongside me and its side scraped mine. I didn't see it coming because it was in my blind spot.

Q: Did you have your turn signal on before you moved over?

A: Yes, I had it on for a few seocnds before I started moving.

Q: Were there any other vehicles nearby that you noticed?

A: Not that I recall. Traffic was moderate, and I didn't see anything unusual.

Q: Did you stop after the contact, or did you continue driving?

A: I pulled onto the shoulder right away. The other driver also stopped, and we exchanged insurance information.

Q: Did you feel any injuries at the scene?

A: My right knee hurt immediately. I hit it on the door frame when the impact jolted the car. It got stiffer and more painful over the next few hours.

Q: Have you sought medical treatment for the knee?

A: Yes, I went to an urgent care clinic that afternoon and was referred for imaging and physical therapy. I'm still going to appointments.

Q: Is tehre anything else you would like to add to your statement?

A: Only that I want the record to show I was driving carefully and following the rules of the road.

Q: Thank you. This concludes the statement.
