Officer's narrative

On the afternoon of the incident, officers were dispatched to a sideswipe collision in Pearland, Texas, involving two passenger vehicles. Driver 1 stated that they were changing lanes when the adjacent vehicle, operated by Driver 2, moved into their path. Driver 1 is listed as the named insured on the policy for their vehicle. Driver 1 reported a knee injury at the scene and was transported for evaluation. Witnesses and the Passenger confirmed that Driver 1 was seated in the vehicle at the time of the collision. Driver 2 reported that they braked suddenly without apparent cause, and both drivers acknowledged knowing each other beforehand. Responding officers observed that the force of the contact appeared consistent with the rpeorted injury. The damage to Driver 1's vehicle, however, is located on a different side and at a different height than the contact described in the statements. No prior damage to the vehicle was reported or observed. The matter was referred for further review.
