Claim Notes

Claim number:	C-1142
Claimant:	Danielle Stevenson
Adjuster:	Jerry Hanson

November 30, 2023
First notice of loss received for a low-speed collision in a parking lot. The insured's vehicle was struck while stationary, and the driver of the other vehicle has been identified through the reporting party. The insured driver is named on the policy and coverage is confirmed as in force on the date of loss.

December 3, 2023
Police report obtained. It places the claimant inside the vehicle at the time of impact and records the position of both cars, which macthes the account given at first contact. No earlier damage to the vehicle is known from prior claims or inspection records.

December 31, 2023
Photographs submitted by the insured show the damage area and the lot layout. They confirm some of the reported details, though no independent witnesses have come forward to describe the impact.

January 27, 2024
The claimant is represented by counsel, and all further contact is being routed through the attorney's office. The claimant has reported a concussion, and the kind and force of the impact appear consistent with that injury. No earlier injury to the same body area is known.

February 5, 2024
Medical records received. Treatment followed a usual course and tapered off as the claimant improved. The treating physician's notes are consistent with the timeline described in earlier statements.

February 27, 2024
Review of the vehicle damage estimate raises a question about whether all lsited repairs stem from this impact. Further assessment has been requested before that portion is accepted. Nothing in the file suggests the damage predates the coverage period.

April 4, 2024
The claimant has given the same account in every conversation to date, with no material differences in sequence or description. File remains open pending the requested damage assessment and final medical review.

Recorded Statement

Claim number:	C-1142
Statement of:	Danielle Stevenson

Date:	October 4, 2023

Q: Thanks for taking the time to speak with me today. This recorded statement is about the parking lot collision you were involved in in Conroe. Is it all right if we proceed?

A: Yes, that's fine.

Q: Please tell me in your own words what happened.

A: I was pulling out of a space near the front entrance of the store. It was busy, and I was backing slowly. I had just cleared the car next to me when another vehicle came down the aisle and hit the rear driver's side of my car.

Q: Were you moving at the time of impact?

A: Only slowly, maybe a few miles an hour. I had my foot on the brake for most of it, and I checked my mirror before I started.

Q: Did you see the other vehicle before it hit you?

A: Not really. I saw a glimpse of something white right before the impact, but I didn't have time to react.

Q: Did you have any injuries from the collision?

A: Yes. I hit my head against the window frame. I've been diagnosed with a concussion. I've had headaches, some dizziness, and I've been sleeping more than usual. My doctor has told me to limit screen time and rest.

Q: Are you currently receiving treatment?

A: Yes, I'm seeing my primary care doctor and I have a follow-up scheduled next week.

Q: Did you go to the emergency room or call for medical help at the scene?

A: I was checked by a paramedic at the scene and then went to urgent care later that afternoon.

Q: Is there anything else you want to add about the collision?

A: Just that I'm still having trouble concentrating, so if I seem slow answering, that's why. I'm cooperating fully and I'll send any records you need.

Q: Thank you. That concludes the statement.
