Claim Notes

Claim number:	C-1143
Claimant:	Tanya Henson
Adjuster:	Alison Sweeney

6-21-23
Claim opened after the insured reported a sideswipe during a lane change, and the claimant's vehicle was identified as the other car involved. The claimant is represented by counsel, so all further contact is being rotued through the attorney's office.

6-23-23
Confirmed that the driver of the insured vehicle is named on the policy and that the policy was in force at the time of loss. Nothing in the file points to damage existing before coverage began.

7-11-23
Reviewed the police report, which places the claimant in the vehicle at the scene. Responding officers and two bystanders' statements line up on the basic sequence of events.

7-20-23
Photos taken at the scene show dmaage consistent with the reported impact, including matching scrape height and paint transfer along the passenegr side of the claimant's car. Photos confirm some details of the collision, but no independent witness has come forward to describe how the lane change happened.

7-30-23
Adjuster inspected the claimant's vehicle and found no sign of eariler damage in the affected areas. Repair estimate was requested from the body shop of the claimant's choice.

9-9-23
Claimant reported neck and lower back discomfort following the collision and was seen at an urgent care facility the same day. Medical records describe a back strain. No prior injury to the same body area appears in the records we have requested so far.

10-17-23
Spoke with the claimant's attorney, who provided a summary of ongoing treatment. Treatment has continued somewhat longer than is typical for a strain of this kind, and the reason for the extended course is still being reviewed.

10-20-23
Obtained the claimant's prior medical history through the authorization on file. No earlier injury to the same body area is known, though the records are not yet complete for the last several years.

11-30-23
Took a recorded statement from the claimant through counsel. The account of the lane change and the impact matched what the claimant described at the scene and to the responding officer.

1-1-24
Reviewed the treating physician's noets with the medical reviewer. It is not yet claer whether the back strain was caused by this crash or by another source, and a records review is pending before any conclusion is drawn.

1-3-24
Set a follow-up to request updated treatment records and the physician's causation opinion before the next reserve review. Claim remains open pending those documents and the repair estimate.

Recorded Statement

Claim number:	C-1143
Statement of:	Tanya Henson
Taken by:	Alison Sweeney
Date:	6-8-23

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident details, if that's okay.

Q: That's fine. Can you tell me where the accident happened?

A: It was on a multi-lane road in League City, Texas, near a shopping center. I was moving over to get into the right lane.

Q: What time of day was it, and what were the road conditions like?

A: It was in the afternoon. It was dry, traffic was moderate, and the sun was pretty bright, so I had to squint a little.

Q: Walk me through what happened when you changed lanes.

A: I checked my mirror, saw a gap, and signaled. As I started to move over, I felt a bump on my driver's side and heard scraping. The other car had come up alongside me in the lane I was entering.

Q: Did you see the other vehicle before you started to move?

A: Not that I can remember clearly. I think it was in my blind spot. I checked the mirror, but I didn't turn my head to look over my shoulder beofre I merged. I probably should have.

Q: Did you or the other driver stop afterward?

A: Yes, we both pulled onto the shoulder. We exchanged insurance information and took a few photos of the damage.

Q: Did you notice any injuries at the scene?

A: Not right away. I was a bit shaken up, but I didn't think it was serious. Later that evening my lower back started to tighten up and it's gotten worse since.

Q: Have you seen a doctor or received any treatment for your back?

A: I went to an urgent care clinic the next morning. They said it was a muscle strain and gave me some medication and told me to rest and do stretching exercises.

Q: Are you still experiencing pain or limitations?

A: Yes, sitting for long periods is hard, and I've had to take time off from lifting at work. I'm still gonig to physical therapy twice a week.

Q: Is there anything else you think is important for me to know?

A: Just that I'm willing to cooperate and provide the medical records you need.

Q: Thank you. That concludes the statement.

A: Thank you.
