Reported injury:	back strain

Description of the accident (claimant's words)

I was changing lanes on a busy road in League City, Texas, when the car in the next lane drifted over and struck the side of my vehicle. There was a loud scrape, my car jolted toward the shoulder, and I had to fight the wheel to bring it under control. I pulled onto the shoulder right away and stayed with the vehicle while the other driver and I exchanged details. I have told this same account evrey time I have described what happened, to the other driver, to the offiecr who came to the scene, and to my own insurer. Since the collision I have had lower back pain and stiffness, which my doctor has diagnosed as a back strain, and I am following the treatment plan I was given. I am the named driver on this policy and I am submitting this claim for the damage to my vehicle and my medical costs.
