Bodily Injury Unit

Claim Notes

Claim number:	C-1144
Claimant:	Amber Brown
Adjuster:	Valerie Rodriguez

2023-07-17
Rear-end collision reported by the policyholder's household member, who was driving the insured vehicle at the time. The claimant is represented by counsel, and the file has been opened for bodily injury and property damage.

2023-08-10
Photos from the scene show the rear damage on the claimant's vehicle and a matching impact area on the insured vehicle. Police and two bystanders confirm the claimant was in the vehicle when the collision happened. No independent witnesses have come forward to describe how the collision occurred.

2023-08-17
The claimant reports neck and back strain, and the reported injury fits the type and froce of a rear impact. Medical records show no prior treatment to the same body areas, and no earlier injury has been identified through the claims database.

2023-11-01
Counsel has provided a treatment summary. Viists and new services have been added steadily over several months, which is well beyond what this type of strain usually requires. The adjuster has requested the treatment plan and the referral basis for each new service.

2023-11-20
The claimant's account of the collision has stayed the same in every conversation, including the initial report, the recorded statement, and the follow-up call with counsel present. The estimate for the rear damage is largely consistent with the described impact, and no earlier damage to the vehicle has been found.

2023-11-25
The policy was in force on the date of loss, and nothing in the file suggests the damage predates the coverage start. The driver lives with the policyholder and qualifies as a covered household member. The file is bieng held for review of the treatment records before any setltement position is set.

Recorded Statement

Claim number:	C-1144
Statement of:	Amber Brown
Taken by:	Valerie Rodriguez
Date:	2023-07-15

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision in League City, Texas. Please state your full name for the record.

A: I'd rather just be identified as the claimant on this one, if that's okay.

Q: That works. Can you describe where you were when the collision happened?

A: I was stopped at a traffic light on a main road, hedaing toward the shopping center. Traffic had been moving slowly, so I'd already come to a full stop.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind, and my head snapped forward and back. My seatbelt locked up and I was thrown against it.

Q: Did you get out of the vehicle right away?

A: I sat for a minute because I was dizzy. Then I got out and talked to the other driver. He said he had looked down at his phnoe for a second.

Q: Were you able to drive your car from the scene?

A: No, the rear bumper was damaged and the trunk wouldn't close properly, so a tow truck took it.

Q: Have you sought medical care since the collision?

A: Yes. I went to an urgent care clinic that same day. They diagnosed a neck strain and a lower back strain. I've been doing physical therapy twice a week since then.

Q: How are your symptoms today?

A: My neck is stiff, especially when I turn to check my blind spots, and my lower back aches after sitting for more than about thirty minutes. Some days are better than others.

Q: Is there anything else you'd like to add?

A: Just that I've been missing some time at work because of the pain, and I want my doctor's records to be part of this file.

Q: Thank you. This concludes the statement.
