Bodily Injury Unit

Claim Notes

Claim number:	C-1145
Claimant:	James Whitaker
Adjuster:	Jerry Hanson

9 Jun 2025
First notice of loss received from the insured's policyholder reporting a low-speed head-on collision at an intersection, with the claimant seated in the passenger vehicle. Coverage was verified and the driver is named on the policy.

13 Jul 2025
Police report obtained; responding officer confirms the claimant was present in the vehicle at the scene and documents the impact location consistent with the insured's description.

18 Aug 2025
Recorded statement taken from the other driver, who independently describes the same sequence of events and the vehicle positions at impact.

28 Aug 2025
Photographs of both vehicles reviewed. Damage to the front bumper, hood and airbag deployment pattern appears consistent with the reported impact speed and direction.

29 Sep 2025
Two independent witnesses interviewed by phone; both confirm the accident occurred as described and that the claimant was in the passenger seat.

7 Oct 2025
Repair estimate and vehicle history checked. No prior damage to the vehicle is on record, and nothing suggests the damage predates the policy inception.

22 Oct 2025
Claimant's representing attorney submitted a demand package listing a concussion diagnosis following the collision. The reported injury is consistent with the mechanism and force of the crash.

6 Nov 2025
Medical records reviewed. Treatment followed a typical course, with frequent visits early on that tapered as symptoms improved. Records also note a minor strain to the same area many years ago that resolved fully.

24 Dec 2025
Claimant's account has remained the same across every conversation, including the initial call, the written statement and the attorney-led interview.

1 Jan 2026
Medical review notes the prior strain healed completely and does not appear to account for the current symptoms or treatment pattern.

13 Jan 2026
File reviewed and assessed as consistent across accident facts, damage, witness accounts and medical course. Proceeding with evaluation of the bodily injury claim under counsel's representation.

Recorded Statement

Claim number:	C-1145
Statement of:	James Whitaker
Taken by:	Jerry Hanson
Date:	6 Jun 2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording for this one, but you can note that I was the driver of the vehicle involved.

Q: That's fine. Can you describe where the collision happened and what the weather and road conditions were like?

A: It was on a two-lane road in League City, Texas. It was daylight and dry. Traffic was light.

Q: Walk me through what happened right before impact.

A: I was heading in my lane and the other car came over the center line. I braked and steered right, but we still met nose to nose. It wasn't a hard hit, but it was enough to jolt me forward and then back into the seat.

Q: What was your speed at the time?

A: I'd guess around twenty-five miles an hour. I wasn't going fast.

Q: Did your airbags deploy?

A: No, they didn't. My seatbelt was on and I think that's why I stayed fairly upright.

Q: How are you feeling now?

A: Not great. I have a headache that won't go away, I feel foggy, and bright lights bother my eyes. My doctor has told me I have a concussion and I'm supposed to limit screen time and rest.

Q: Have you been seen by a medical provider since the accident?

A: Yes, I was seen at an urgent care clinic the same day and I've had a follow-up since.

Q: Thank you. Is there anything else you'd like to add?

A: Only that I'm still dealing with symptoms and I'm trying to keep track of them in a journal. I'll send it over if you need it.

Q: Thank you for your time. This concludes the statement.
