Description of the accident (claimant's words)

I was driving home on a weekday afternoon in League City, Texas, moving slowly through a light drizzle, when the car in front of me stopped short and I could not avoid a low-speed head-on collision with the vehicle coming the other way. The impact was not severe, but my head struck the side window and the steering wheel, and I felt dizzy and nauseated within minutes. I was taken to a local clinic, where I was diagnosed with a concussion and advised to rest. I have given this same account to the adjuster, to the officer at the scene, and to my doctor, and I have not changed any detail. I am the named driver on this policy, and I am submitting this claim so the repairs and medical costs can be reviewed. I can provide the medical notes and photographs of the vehicles on request.
