Claim Notes

Claim number:	C-1148
Claimant:	Jennifer Tyler
Adjuster:	Darin Tyler

15 Jun 2023
The claim was reported by the insured's representing attorney after a low-speed head-on collision, and the adjuster opened a file and requested the police report and initial photographs.

15 Jul 2023
The police report confirms the claimant was in the vehicle at the time of the collision, and the driver is named on the policy in force on the loss date.

22 Sep 2023
Scene photographs show the front-end damage and confirm several details of the impact, but no independent witnesses have come forward to describe how the collision happened.

1 Oct 2023
Reviewing the vehicle file, no prior damage to the vehicle is known, and nothing in the records suggests the damage occurred before the coverage period began.

2 Oct 2023
The claimant reports neck and back strain and has described the same account in every conversation so far, with the injury pattern appearing consistent with the kind and force of this crash.

3 Nov 2023
The claimant's medical records show no earlier injury to the same body area, and the treatment so far has followed a usual course that has tapered off as the claimant improved.

24 Nov 2023
Repair estimates have been reviewed, but it is not yet clear whether all of the listed damage came from this impact, so the appraiser has been asked to isnpect the vehicle again.

3 Dec 2023
Counsel for the claimant confirmed by letter that the claimant will provide the treatment records and wage information requested in the earlier correspondence.

6 Dec 2023
The adjuster spoke with the treating provider's office, which confirmed the visit dates and the course of care, and noted that the claimant's account of symptoms has stayed consistent across each visit.

13 Dec 2023
Pending receipt of the appraiser's supplemental report, the adjuster is reviewing whether the damage listing needs to be separated by cause before any settlement offer is made.

3 Feb 2024
The file remains open while the supplemental appraisal and outstanding records are collected, and the adjuster will update the reserve once those items are received.

Recorded Statement

Claim number:	C-1148
Statement of:	Jennifer Tyler
Taken by:	Darin Tyler
Date:	15 Jun 2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in in Pasadena, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full name and the best number to reach you.

A: I'd rather keep my name off the recording for now, but you can reach me through the claim file.

Q: That's fine. Can you describe what you were doing right before the collision?

A: I was driving east on a two-lane road, going maybe twenty-five miles an hour. Traffic was light. The other car came toward me from the opposite direction and drifted into my lane.

Q: Did you have time to react?

A: Barely. I braked and turned slightly to the right, but we still met nose to nose. It wasn't a hard hit, more of a jolt, but my airbags didn't deploy.

Q: Did you get out of your vehicle at the scene?

A: Yes, I walked around for a few minutes. I felt stiff, but I didn't think much of it at the time.

Q: Have you noticed any injuries since then?

A: Yes. My neck is sore, especially when I turn my head to the left, and my lower back has an ache that gets worse after I sit for a while. I saw a doctor who diagnosed a neck and back strain and gave me some muscle relaxers and a referral for physical therapy.

Q: Are you currently receiving treatment?

A: Yes, I'm going to physical therapy twice a week, and I'm trying to keep up with the home exercises they gave me.

Q: Thank you. Is there anything else you would like to add to your statement?

A: No, I think that covers it. I just want to get back to normal.

Q: Thank you for your cooperation. This concludes the statement.
