Claim Notes

Claim number:	C-1151
Claimant:	Megan Patterson
Adjuster:	Christopher Wong

June 30, 2023
First notice of loss received for a collision at an intersection where the insured vehicle was turning left and was struck by an oncoming vehicle. The claimant reports neck pain and has not retained counsel.

July 23, 2023
Recorded a recorded statement from the claimant describing the approach, the signal phase, and the moment of impact. The account is consistent with the initial report.

August 29, 2023
Reviewed photographs supplied by the claimant, which confirm the general position of the vehicles and several details of the damage. No independent witnesses have come forward to date.

September 7, 2023
Estimate of damage to the vehicle is mostly in line with the impact described, with the damage concentrated on the front and side areas expected for this type of collision. No earlier damage to the vehicle is known from prior claims or inspection records.

September 30, 2023
Police report and statements from other parties confirm the claimant was in the vehicle at the time of the incident. Nothing in the file suggests the damage occurred before the policy coverage began.

December 6, 2023
Claimant reports neck strain. The reported injury fits the kind and force of the crash well. Medical records were requested and the claimant signed authorization for release.

December 14, 2023
Medical file shows treatment followed a usual course and tapered off as the claimant improved. The claimant disclosed a small strain to the same area several years ago that healed fully, and that history has been noted.

December 22, 2023
Claimant later added a few small details to the account during a follow-up call, but the core description of events stayed the same as in the original statement.

January 7, 2024
Confirmed the driver involved lives with the policyholder and is covered as a household member under the policy. File reviewed and remains open pending final medical summary.

Recorded Statement

Claim number:	C-1151
Statement of:	Megan Patterson

Date:	July 5, 2023

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can use the claim number.

Q: That works. Can you tell me where the collision happened?

A: It was at an intersection in Pearland, Texas, a main road with a signal and a shopping center on the corner.

Q: What were you doing at the time?

A: I was driving my own car and turning left across the lanes to get into the shopping center.

Q: Did you have a green light or a left arrow?

A: I had a green light, but the arrow had already turned off, so I was waiting for a gap in oncoming traffic.

Q: What happened next?

A: A vehicle coming from the opposite direction hit the front passenger side of my car as I was completing the turn. I felt a hard jolt and my head snapped forward and back.

Q: Did you see the other vehicle before it reached you?

A: Not clearly. I looked, saw headlights, and thought I had time. It was closer than I expected.

Q: Were you able to drive your car afterward?

A: It was drivable at first, but I had it towed because the front end was damaged.

Q: Have you sought medical attention for any injuries?

A: Yes, I went to a clinic the same day. They diagnosed a neck strain and told me to rest and use ice and a soft collar for a few days.

Q: Are you still experiencing symptoms?

A: Yes, my neck is stiff, especially in the morning, and turning my head to check mirrors hurts.

Q: Is there anything else you would like to add?

A: Only that I was trying to follow the rules of the road and I didn't expect the other driver to come through so fast.

Q: Thank you. That concludes the statement.
