Crash Report

Report number:	TR-2023-16582
Crash date:	10 Apr 2023
Crash time:	12:44
Location:	Tammy Summit and Huynh Course, Pearland
Collision type:	side impact at intersection
Involved person:	Ashley Krause (driver)
Phone:	281-555-3901
Vehicle:	2015 Toyota Camry
License plate:	OXW8174
Injuries reported:	knee injury
Investigating officer:	Officer Christian Conrad, Badge 1039

Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Ashley Krause
Vehicle 2	Driver	Robert Hicks

Officer's narrative

Driver 1 was traveling southbound in the left-hand lane approaching the signalized intersection in Pearland, Texas, when the vehicle was struck on the driver's side by Drvier 2, who was proeceding westbound and entered the intersection as the signal changed. The point of impact is consistent with the damage observed on both vehicles, including crush to the driver's door panel and side curtain area on Driver 1's vehicle and front-quarter deformation on Driver 2's vehicle. Driver 2 stated that the collision occurred the way Driver 1 described it, and two independent witnesses at the scene gave statements that match that account. Photographs taken at the scene show the damage and the final rest positions of both vehicles. Driver 1 was seated behind the wheel, and a Passenger riding in the front seat was also present in the vehicle, as confirmed by the witnesses and by my observations at the scene. Driver 1 reported pain in the left knee, which I observed to be swelling and limited flexion, and an injury of this kind is plausible given the force and direction of the side impact. No prior damage to the vehicle was reported or observed during the inspection. Driver 1 is listed as an insuerd driver on the policy in force at the time of the crash. Medical evaluation was offered at the scene and the claimant was transported for further assessment.
